Building Excellence in Education 

Design a Curriculum fit for your School!

Ofsted recently announced it will introduce a new focus on how schools plan their curriculum and from next year, they will be asking the question: "How is your curriculum designed?". This series of workshops will enable you to answer this question.

Overview

The course will explore some of the key principles of curriculum design and take a constructively critical look at recent trends in the various approaches taken by schools. Participants will develop the skills both to review their school's curriculum and design a new one to fit the needs of their school community.

Facilitators

Paul started teaching in Norfolk primary schools in 1998 and is currently the Executive Headteacher of three rural primary schools in Suffolk as part of the All Saints Schools Trust. Prior to taking up this current role he held the post of Lecturer in Primary Education at the University of East Anglia for 7 years where he was involved in both educational research and teacher training. Paul's particular interests include Primary STEM and curriculum design.
